The Set-up

Location

- Any reasonably flat surface (indoors or outdoors)
- Playing area should be approximately 10 feet x 30 feet
- Minimum overhead clearance of 8 feet

Assemblage

- Unlatch boards and remove bean bags
- Snap or Lock the front and rear legs into play position
- Re-enforcement strap secures rear leg lock -----

NOTE:

Do not be afraid to apply pressure.
You may hear loud popping sound.

- Place boards on the ground facing each other
- Determine the desired distance and mark it with a knot at both ends of the Distance Regulator Cord
- Slide a knot through the slot on the front leg ----- of each board and pull the boards away from each other removing any slack from the Distance Regulator Cord

*Play at night with the **BAGGO® CaddyLITE**
available at **BAGGO.com***

Official BAGGO® Scoring

- Winner is first team to score 21 points or more
- 3 points for each bag in the hole (That's a **BAGGO**®!)
- 1 point for each bag on the board is an Ace
- Score is the difference in the team totals

For example:

After 1 round of 8 bags played,

#1 team with 1 bag in the hole = 3 points

#2 team with 2 bags on the board = 2 points

Score for the 1st round for #1 team = 1 point

Score for the 1st round for #2 team = 0 points

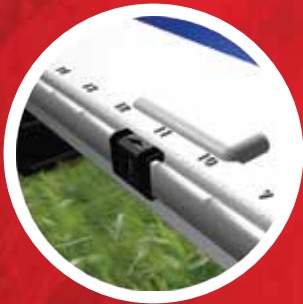

- Bags pushed in by an opponent's toss count as a **BAGGO**®
- The game is over if the score reaches 11 to 0 (SKUNK)
- If a bag ever touches the ground or is tossed out of turn, it does not count
- If a bag hits the Caddy and lands on the board or in the hole, it does not count

Follow these steps to easily calculate the score:

1. Take away or remove "offsetting or canceling" bags from the board. The net "board" bag or bags are positioned at the bottom of the board.

2. Retrieve the **BAGGO**®, or hole bags, and discard offsetting/canceling bags to the side. The "net" **BAGGO**®, or 3 point bag or bags, are positioned over the hole.

3. The team net round score is calculated by subtracting or adding the points from the board bags and the hole bags.

Official BAGGO® Rules

- 2 or 4 players (singles or doubles)
- Distance measured between Foot Foul Edges

Distance	Age
8 Feet	2 – 4 years
12 Feet	5 – 8 years
15 Feet	9 - 12 years
18 Feet	13 & over (Social Play)
20 Feet	Tournament Play

- In doubles, team partners face each other from opposite boards
- Each team plays with 4 bags
- Opponents alternate tosses until all 8 bags are thrown
- The round is then scored (See Scoring pg. 2)
- The last team to score on previous round tosses first
- Toss again if any interference occurs
- Opponents may call Foot Foul and the call must be honored
- In singles or doubles, the losing team has choice of sides for next game

BAGGO® etiquette necessitates respect for your opponent. While an opponent is tossing refrain from talking and step back out of his/her view. Only one person or the referee (tournament play) should retrieve bags when the round is completed.

The Stance

Whether a player chooses to stand alongside the board with feet firmly planted or elects to stride as he/she the bag, the player's toes must not pass the front edge of the board (Foot Foul Line).

The Toss

BAGGO has a lot in common with golf, bowling, and horseshoes. Concentration and follow through are crucial.

- Keep wrist straight but not stiff
- Keep eyes on the target
- Follow through smoothly, aligning arm with the target
- Ideal arc is approximately 8 to 9 feet with a 45° approach angle
- Lower trajectories are desirable in windy conditions or to push in other bags

Cleaning and Care

Storage:

Place bags in pockets on inside of boards
Wind distance regulator cord around front leg of board ---
Latch boards together by lining up pilot pins

Store games indoors

- Prolonged exposure to extreme sunlight may cause board to bow
- Mount on wall to prevent bean bag damage by mice or other animals

To use the Wall Mountable Bracket

- Use 1 1/4" drywall screw to fasten bracket to wall over a stud
- Mount bracket so arched side is on top
- The lip in the **BAGGO**® hole slides over the mounting bracket

Cleaning:

Boards: Clean with a warm, wet cloth and a mild household cleaner

Bags: Wash in cold water - hand wash or delicate cycle, air dry or on "no heat" cycle. **DO NOT** put in microwave.

Laminated or Silk Screen inserts (available at BAGGO.com): Remove insert from board, spray a mild glass cleaner directly on paper towel and wipe. **DO NOT** spray cleaner directly on insert.

The Hold

How a player chooses to hold or fold the bag is personal preference.

Here are a few favorite folds of **BAGGO** tournament champions:

"The Chicago Fold"

Hold the corner of the bag, let the filling/particulate drop to the bottom, fold in half and then fold in half again

"The Paducah Pancake"

Smooth out the bag and toss underhand

"Half Paducah Pancake"

Smooth out the bag, fold in half and toss underhand

"Sacramento Sling"

Hold the bag by a corner between two fingers and toss underhand

"Frisco Fling"

Hold the bag in the middle of one side, let the filling/particulate drop to the bottom, and toss underhanded with the top of hand upright

"The Wad"

Gather the bag and toss

BAGGO® History

Target sports are as old as time. The 1948 wooden **BAGGO®** game was fun but it was bulky and inconsistent due to multiple variations.

The Official BAGGO game was developed over a 5 year period. The result is a standardized (official tourney capability), stronger (polyethylene boards and and poplin bags), portable (suitcase design), more challenging bag toss game.

Material:

Boards

Constructed of blow-molded, lightweight, high-impact polyethylene for durability.

Bags

Outer Material

Heavy-duty Poplin blend, 65% poly/35% cotton; all-purpose, extra-strength thread surged on 3 sides and then reversed out

Filling

Treated unpopped popcorn, a digestible particulate

BAGGO® Tournaments

BAGGO® Tournaments are a great outdoor or indoor activity that can be for fun for a charity or fundraiser or just for bragging rights!

BAGGO® Tournaments offer a great way to interact in a competitive environment regardless of skill level.
