## ABOUT US

Daniel & Rachel Smucker have built a life around high-quality, handcrafted leather products. A third-generation leathersmith, Daniel proved his skills at the helm of the family business, Smucker Harness, earning a reputation as one of the world's top harness makers. Today he channels those same skills and work ethic into creating one-of-a-kind premium leather goods, designed to seamlessly fit into everyday life & made to last for generations.

Handcrafted in our workshop in Lancaster Pennsylvania, our leather goods are made with the highest quality materials possible. Full-grain leather has never been sanded down or processed so it retains all of it's natural strength & beauty. This truly gorgeous leather will develop it's own patina over time, becoming softer and more beautiful the longer you carry it.
