

# Abstract Patterns Builder Stencil Set (3 in 1) LAYERING GUIDE

+

+

=

## Inks:

- Pastel Sunrise
- Mahogany Bark
- Butternut
- Sea Forest
- Icy Water
- Tanzanite

## Designer's Tips:

Want to stretch this stencil set even more? Choose your favorite stencil out of the three included in this set and ink it up on a white cardstock with some Embossing Ink. Then, sprinkle Pure White Crisp Embossing Powder over, and melt the powder with a heat gun. Once done, choose your preferred ink colors and ink blend over your panel. The stencil design previously embossed will still prevail as it "resists" the inks, which means, you'll be able to get the opposite stencil design on your project.
