

## Wood Cookie

Die Set

### LAYERING GUIDE

#### Designer's Tips:

Cut your last layer (outer ring) two times out of your darkest brown cardstock and adhere the two pieces together for extra strength. Once done, add some foam squares on the back and adhere the outer ring to your main piece. This will help you achieve two different layers of dimension and at the same time, add more interest to your project.

#### Inks:

- Rocky Shore
- Mocha
- Espresso

#### Cardstock:

- Jet Black
- Red Sunset Gradient Set
- Vellum Translucent Paper
