Tea Rose Blossom Stamp Set

LAYERING GUIDE

Inks:

Obsidian

Pink Pearl

Coral Bliss

Heart Beat

Designer's Tips:

One of the features of this stamp set is the contrast between the stamped areas and the white highlights! However, if you would like to tone down the brightness, try blending a little bit of ink over the whole image with a Mini Blending Brush.

Some varieties of tea rose flowers have two different colors on each petal. Mimic this look by stamping each layer in contrasting (yet complementary) hues!
