Paradise Flowers Stamp Set

Inks:

- Lavender Fields
- Deep Iris
- Sweet Leaf
- Hunter Green

Designer's Tips:

The layering stencils perform double duty - they can be used to create a background or selectively inked to isolate different blooms and leaves. If you do not want to get ink on nearby cutouts, use smaller blending tools such as our Mini Blending Brushes or Detailed Blending Brushes!

Stay true to the theme of "paradise" by using bright corals, oranges, and yellows to color your peony flowers. You will be instantly transported!
