

## NATURAL AGE DEFYING EYE CREAM

Yes, we all will age but we should age gracefully!! Abiding by this adage Savarnas Mantra brings to you its Natural Age defying Eye Cream. We have well researched on the vitamins, minerals and proteins that are needed to address the signs of aging near your eyes. The product has been carefully created with the blend of best natural products that will reduce puffiness and dark circles around your eyes.

It cannot be expressed in words how the dark circles effect your personality and looks. Moreover, these issues increase with age. Therefore, they must be immediately dealt with, but not with artificial ingredients. They need to be taken care of with such creams and cosmetics that use natural active ingredients.

In Savarnas Mantra Natural Age defying Eye Cream, you will find the benefits of cucumber extract, along with neem extract, as well as vitamins A and E. This is a proven formula that will deeply hydrate, brighten the appearance of dark circles, and provide antioxidant support. Peptides, collagen, squalane, and hyaluronic acid create a multi-faceted system that hydrates, plumps, and improves the appearance of fine lines that can be used by all skin types.

## HOW DOES CUCUMBER EXTRACT WORK

Cucumber has antioxidants and astringent effects that help lightening the dark circles. When cucumber is applied, the capillaries under the eyes get relaxed and there is improved blood circulation that leads to revitalizing of the skin.

---

Therefore, using cucumber over the period of time helps remove the dark circles.

## **WHAT MAKES SAVARNAS MANTRA NATURAL AGE DEFYING EYE CREAM DIFFERENT?**

The skin under your eyes is extremely thin. Therefore, it is more susceptible to moisture loss. Squalane and hyaluronic acid create layers of hydration and further ensure that skin maintains its moisture balance.

Hyaluronic acid works to pull moisture from the environment to the skin. Another ingredient squalane further ensures that the hydration stays within the skin for a longer time.

The Eye Cream features the latest developments in skincare technology that are coupled with bioactive botanicals to address 3 major under eye issues. The fine lines are improved by peptides and collagen, while under eyes are brightened and de-puffed by neem and cucumber extracts along with vitamins A and E.

Vitamin E fights the free radicals thereby reducing wrinkles near eyes. Vitamin A helps to combat oxidative stress and further improves the appearance of texture and tone.

The cream is cool and comforting and effectively addresses dark circles, fine lines, and puffiness around the delicate eye area. Regular use of this under eye cream by Savarnas Mantra makes the delicate skin around the eyes look more refreshed and revitalized.
