

As our skin ages, it starts losing its elasticity and can start appearing dry, dull and lack lustre. The Natural Revitalising Mask is a unique mask that helps to restore health and vibrancy to the skin with nutrient-rich ingredients.

HOW DOES THIS MASK WORK?

The **Seaweed extract** used in this mask provides the skin with essential moisture. It helps absorb and hydrate and revitalize the skin. Further, it calms, balances and promotes even texture and tone. This marine plant helps to moisturize, condition and calm the skin.

The **Hyaluronic acid** will encourage plumpness and firmness of the skin by drawing in moisture to the skin. It retains up to 1,000 times its weight in water to plump and revitalize the dry skin.

Copper complex is an anti-aging ingredient that uses powerful peptides to support healthy skin and reduce the appearance of fine lines, wrinkles and loss of elasticity. The copperbased complex contains naturally occurring tripeptide that shows to support healthy skin, promote firmness and elasticity, and reduce the appearance of wrinkles on the skin. The copper fights signs of aging and helps to improve skin health.

OTHER INGREDIENTS

Phenoxyethanol, Ethylhexylglycerin

Natural Revitalising Mask is a wake-up call for the skin as this mask boosts radiance, leaving the complexion refreshed and balanced.
