# CaviWipes™ HP

Surface Disinfectant

CaviWipes HP is the newest member of the trusted CaviWipes family providing an effective 1-minute universal contact time from an alcohol-free hydrogen peroxide formulation. The High Performance disinfection protocol offered by CaviWipes HP protects both patients and staff.

### Simple

Caviwipes HP offers a universal 1-minute contact time against all listed pathogens, offering simplicity and peace of mind for every application. The new green top opens and closes more easily and securely, and dispenses wipes with precision, helping to reduce waste.

### Alcohol-Free

CaviWipes HP provides a friendly alternative for those who prefer not to use alcohol-based wipes, and our HP formulation provides better cleaning efficacy than alcohol-based products.<sup>1</sup>

### Fast

Our 1-step\* and 1-minute universal contact time reduces waiting time for disinfection and increases staff efficiency.

### Effective

CaviWipes HP provides effective disinfection against all 66 listed pathogens including MDRO's (Multidrug Resistant Organisms).
