

SURFACE  
DISINFECTANTS  
**BROCHURE**

The most commonly used disinfectants are EPA registered wipes, ready-to-use spray and concentrated liquids.

There are four key features healthcare providers should consider when choosing a proper surface disinfectant:

#### CONTACT TIME

#### BROAD-SPECTRUM PATHOGEN CLAIMS

#### CLEANING PROPERTIES

#### MATERIAL COMPATIBILITY

The CaviCide™ and CaviWipes™ brands are designed for reducing cross-contamination in the healthcare community. Trust the surface disinfectant brand used by thousands of healthcare facilities everyday.

## CaviWipes™ Bleach

CaviWipes Bleach is made for hard non-porous surfaces. These new surface disinfectant cleaning wipes are gentle on surfaces, yet tough on pathogens.

- Meets the CDC recommended 1:10 bleach dilution
- No Personal Protective Equipment (PPE) required<sup>1</sup>
- Kills all product labeled organisms in 3 minutes including *C. diff*<sup>1</sup>, TB, drug resistant bacteria, viruses and fungi.
- Compatible with most medical device equipment<sup>2</sup>
- One-step cleaner and disinfectant
- Low odor

Part #	Description	Packaging
11-1200	CaviWipes Bleach (6" x 10.5"), 90 count	12 canisters/case
13-1175	CaviWipes Bracket	12 brackets/case

**Metrex offers in-servicing and wall charts for your education needs.**

#### References

1. Special instructions for cleaning prior to disinfection against *Clostridium difficile* spores, HIV-1, HBV, HCV.
2. See medical device equipment manual for compatibility information.
3. When no gross debris is present.

## CaviWipes1™ & CaviCide1™

CaviWipes1 and CaviCide1 are the only 1-minute low-alcohol disinfectants in the market. They are multi-purpose surface cleaners and disinfectants designed for every day use.

- 1-minute contact time for virucidal, bactericidal (including TB), and pathogenic fungi activity
- 1-step cleaner and disinfectant<sup>3</sup>
- Fragrance free & Bleach free
- Multi-purpose cleaner for every day use

## CaviWipes™ & CaviCide™

CaviWipes and CaviCide are intermediate level disinfectants recommended for use on hard, non-porous surfaces in healthcare settings.

- Effective against TB and MRSA in 3 minutes
- Effective against HIV-1, HBV, and HCV in 2 minutes
- All in 1 cleaner and disinfectant
- Available in multiple configurations to meet your needs
