RAVISHING REDS & PASTEL PALETTES
FOR THE BLUSHING BRIDE

AS DARK AS NOIR CAN BE

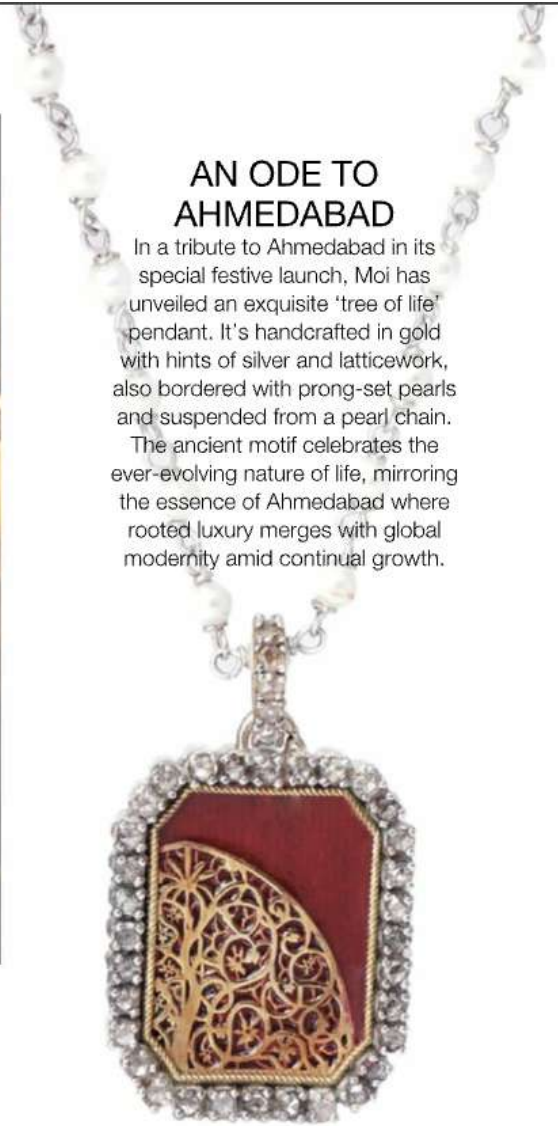

With his latest cocktail collection, Noir, couturier Sawan Gandhi captures the essence of the modern man's bold fashion sense with grandeur. Anchored by dark tones, rich fabrics and opulent detailing, the collection features sleek statement pieces, with a special emphasis on cocktail jackets, all available at the designer's stores in Delhi and Hyderabad, and on the official website.

AN ODE TO AHMEDABAD

In a tribute to Ahmedabad in its special festive launch, Moi has unveiled an exquisite 'tree of life' pendant. It's handcrafted in gold with hints of silver and latticework, also bordered with prong-set pearls and suspended from a pearl chain.

The ancient motif celebrates the ever-evolving nature of life, mirroring the essence of Ahmedabad where rooted luxury merges with global modernity amid continual growth.

ALLEGORICAL ARTISTRY

Gucci's latest high jewellery campaign is yet another testament to the House's unique craftsmanship, artistry and attention to detail. The campaign, shot by David Sims at Chateau Marmont in Los Angeles, features pieces from the Gucci Allegoria collection that captures nature's glorious transformations through its changing seasons. As an allegory of the cyclical seasons, pieces in the Gucci Allegoria range play with antique stones, eclectic cuts and unique designs in bold rich tones.
