

**PRODUCT OVERVIEW**

Type IIR EN14683:2019 Certified. Bacterial filtration efficiency (BFE)  $\geq$  98%. Splash Resistance  $\geq$ 16.0

The Schoeller Masks 3-Ply disposable medical masks are designed to cover the nose and mouth in order to minimise the incidence of cross-infection.

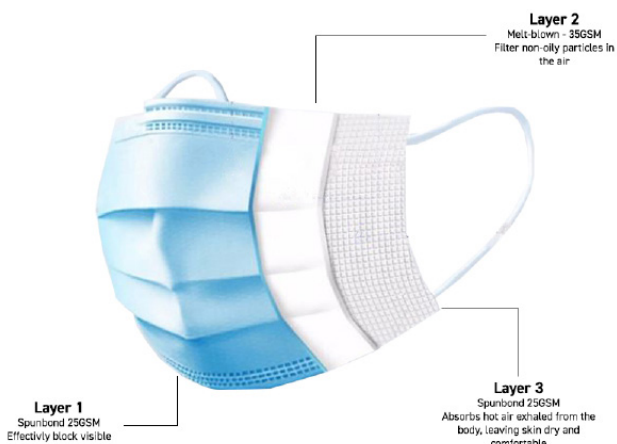

The masks is made with 3 layers of fabric for added protection and with an integral plastic-coated strip for optimum fit, whilst being light-weight and comfortable. The elasticated loops are latex-free to minimise allergic reactions and allow for all day comfort. One size fits all.

Manufactured in the UK.
