

## 200 pads with 160 litre capacity

Maintenance pads absorb most industrial liquids (hydrocarbons and derivative products, cutting oil, hydraulic fluids, coolants, mineral oil, solvents, water, etc).

These pads are bonded and fitted with a cover-stock (SM) to provide excellent wear resistance, high tensile strength and one lint-free side. The pads are perforated to allow you to use as much or as little as you need depending on the application.

Manufactured in the UK.

- Storage - Store in a dry place.
- Disposal - Pads must be disposed of in compliance with the absorbed liquid destruction Regulation.
- Transport - No specific regulation, can stand extreme cold, to be kept away from heat > 160°C.

Please note actual product color may vary from the images shown.

## SPECIFICATIONS

CODE	MPRM200-80
LENGTH (MM)	500
WIDTH (MM)	400
ABSORBS	Hydrocarbons
CAPACITY	0.8ltr per pad - 160ltr per pack of 200
COLOUR	Grey
PACK WEIGHT	6.4kg
QUANTITY IN PACK	Pads - 200 and Packs - 24 boxes
