

Safety Data Sheet - HONA 'Get Tacky' Foil Transfer Gel

Compilation Date: 17/03/2021

Section 1 – Identification of the Substance/Preparation and of the Company Undertaking

1.1. Product identifier

Product name: HONA 'Get Tacky' Foil Gel

1.2. Relevant identified uses of the substance or mixture and uses advised against Use of substance / mixture: PC39: Cosmetics, personal care products.

1.3. Details of the supplier of the safety data sheet

Company name: HONA - Home Of Nail Art, Wednesbury Street, Newport, South Wales, NP19 0FG.

Emergency Phone Numbers: +447917457563

Information Contacts: +447917457563

Email: Info@homeofnailart.com

Section 2: Hazards identification

Physical hazards - Not classified

Health hazards -	Skin corrosion/irritation	Category 2
	Skin sensitization	Category 1
	Serious eye damage/eye irritation	Category 2A
	Specific target organ toxicity after single exposure	Category 3
	Specific target organ toxicity after repeated exposure	Category 2

Environmental hazards - Not classified

Label elements

Hazard Pictograms

GHS07

Signal word	Warning
Hazard statement	Causes skin irritation. May cause an allergic skin reaction. Causes serious eye irritation. May cause respiratory irritation.
Precautionary Statement Prevention	Do not breathe dust/fume/gas/mist/vapours/spray. Wash thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Use only outdoors or in a well-ventilated area. Wear protective gloves/eye protection/face protection.
Response	If on skin: Wash with plenty of water. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If inhaled: Remove person to fresh air and keep comfortable for breathing. Call a poison center /doctor if you feel unwell. Get medical advice/ attention if you feel unwell. If skin irritation or rash occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention.
Storage	Store in a well-ventilated place out of direct sunlight. Keep the container tightly closed. Store locked up.
Disposal	Dispose of contents/container in accordance with local regulation.

Section 3: Composition/information on ingredients

Components	CAS#	Percentage %
Acrylic Ester	2188-11-03	35-37
UV Init Polyurethane Hypopolymer	51851-81-4	55-60
Initiating Agent	3896-11-5	3-5

Section 4: First aid measures

Skin contact	Remove all contaminated clothes and footwear immediately unless stuck to skin. Wash immediately with plenty of soap and water.
Eye contact	Bathe the eye with running water for 15 minutes. Consult a doctor.
Ingestion	Wash out mouth with water. Consult a doctor.
Inhalation	Remove casualty from exposure ensuring one's own safety whilst doing so. Consult a doctor.

4.1. Most important symptoms and effects, both acute and delayed

Skin contact	There may be irritation and redness at the site of contact.
Eye contact	There may be irritation and redness. The eyes may water profusely.
Ingestion	There may be soreness and redness of the mouth and throat.
Inhalation	There may be irritation of the throat with a feeling of tightness in the chest. Exposure May cause coughing or wheezing.
Delayed / immediate effects	Immediate effects can be expected after short-term exposure.

4.2. Indication of any immediate medical attention and special treatment needed

Immediate/ special treatment:	Eye bathing equipment should be available on the premises.
--------------------------------------	--

Section 5: Fire-fighting measures

5.1. Extinguishing media

Extinguishing media	Suitable extinguishing media for the surrounding fire should be used. Use water spray to cool containers.
----------------------------	---

5.2. Special hazards arising from the substance or mixture

Exposure hazards	In combustion emits toxic fumes.
-------------------------	----------------------------------

5.3. Advice for

fire-fighters Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

Section 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal precautions: Refer to section 8 of SDS for personal protection details. If outside do not approach from downwind. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Turn leaking containers leak-side up to prevent the escape of liquid. Use personal protective equipment. Avoid breathing vapours. Ensure adequate ventilation. Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.

6.2. Environmental precautions Environmental precautions

Do not discharge into drains or rivers. Contain the spillage using bunding. If leakage occurs, dam up. Resolve leaks if possible without risk. Prevent from entering the drainage system. Inform the competent authorities when water or canalization has been infiltrated.

6.3. Methods and material for containment and cleaning up

Clean-up

procedures Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method.

6.4. Reference to other sections

Refer to section 8 of SDS.

Section 7: Handling and storage

7.1. Precautions for safe handling

Handling requirements Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of mists in the air.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions Store in a cool, well ventilated area. Keep the container tightly closed. The floor of the storage room must be impermeable to prevent the escape of liquids. Keep out of direct sunlight.

Suitable packaging Containers used must be opaque or light fast as material will polymerise under exposure to light

7.3. Specific end use(s)

Specific end use(s) No data available.

Section 8: Exposure controls/personal protection

Exposure controls

Appropriate engineering controls Use in a well-ventilated area.

Individual protection measures, such as personal protective equipment

Eye / face protection Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin protection Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching the glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands. Protective working garments (e.g. safety shoes EN ISO 20345, long-sleeved protective working garments). Impervious clothing, the type of protective equipment must be selected according to the concentration.

Respiratory protection For nuisance exposures use type OV/AG (US) or type ABEK (EU EN 14387) respirator cartridges. Use respirators and components tested and approved under appropriate laws.

General hygiene considerations Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing.

Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

State:	Liquid
Colour:	Colourless / transparent
Odour:	Characteristic light odour

Odor threshold	Not available
pH	Not available
Vapor pressure	Not available
Melting/Freezing point	Not available
Initial boiling point	200 °C
Flash point	>100°C seta flash
Evaporation rate	Not available
Flammability (solid, gas)	Not available
Explosion limits	Not available
Vapor density	Not available
Solubility in water	Slight
Partition coefficient	log Pow= 4.52
Auto-ignition temperature	375 °C
Decomposition temperature	Not available
Specific gravity	1.10
Density	1.11 g/ml at 25 °C (77 °F)
Flammability limits in air, upper, %by volume	Not available
Flammability limits in air, lower, % by volume	Not available
VOC	Total volatiles 0.80%
Percent volatile	Not available
Other data Viscosity	1500-2500 cps (25°)

Section 10: Stability and reactivity

Chemical stability	Material is stable under normal conditions
Conditions to avoid	Incompatible materials. Strong heat
Incompatible materials	Avoid contact with oxidizing agents
Hazardous decomposition products	Oxides of carbon
Possibility of hazardous reactions	No decomposition when used as directed

Section 11: Toxicological information

Carcinogen Status

Hazardous Components	NTP Carcinogen	IARC Carcinogen	COSHA Carcinogen
-----------------------------	-----------------------	------------------------	-------------------------

Acrylic Ester	NO	NO	NO
UV Init Polyurethane Hypopolymer	NO	NO	NO
lating Agent	NO	NO	NO

Literature Referenced Target Organ & Other Health Effects

Hazardous Components	HealthEffects/TargetOrgans
Acrylic Ester	No Records
UV Init Polyurethane Hypopolymer	No Records
lating Agent	No Records

Section 12. Ecological information

Ecological information - Not available

Section 13: Disposal considerations

13.1. Waste treatment methods

Disposal operations Dispose of contents/container in accordance with local/regional/national/international regulations.

Contaminated packaging Since emptied containers may retain product residue, follow label warnings even after the container is emptied.

Please Note The user's attention is drawn to the possible existence of regional or national regulations regarding disposal.

Section 14: Transport information

DOT

Basic shipping requirements

UN number	Not regulated
Proper shipping name	Not regulated
Hazard class	Not regulated
Packing group	Not regulated

Environmental hazards No

IATA

UN number	Not regulated
UN proper shipping name	Not regulated
Transport hazard class(es)	Not regulated
Packing group	Not regulated
Environmental hazards	No

IMDG

UN number	Not regulated
UN proper shipping name	Not regulated
Transport hazard class(es)	Not regulated
Packing group	Not regulated
Environmental hazards	No

Section 16 Other information, including date of preparation or last revision

HMIS® ratings

Health: 2

Flammability: 1

Physical hazard: 0

NFPA ratings

Health: 2

Flammability: 1

Instability: 0

All components are listed or are exempt from listing on the Toxic Substances Control Act Inventory.

Disclaimer The information in the sheet was written based on the best knowledge and experience currently available. Issue date 17/03/2021
