Colors	Black Gray
Packed	1 per case*

* 2 ft. x 3 ft. available packed 6 per case

Pebble   Ribbed

All anti-fatigue matting is available in ribbed or pebble surface.

3.0 Use

The EverSafe anti-fatigue mat, with its expanded vinyl construction, is ideal for use in any setting to reduce workers' fatigue and increase productivity. A bright yellow strip has been added on two borders to increase safety awareness. These mats have a slip-resistant surface with beveled edges to maximize safety. Reduces back and leg stress on jobs that require long hours of standing such as assembly lines, shipping departments and retail counters. Also provides noise control, reduces breakage and insulates walk-in coolers.

4.0 Construction

The EverSafe mat is constructed of an expanded PVC.
Available in:
• Ribbed Surface
• Pebble Surface

5.0 Labeling

Labeling is to clearly identify product, size, and quantity. Americo brand or private label is available for this product.
