ULTRA-TRAK

Chemical Applicator - Concrete Edition

Tired of slow, inconsistent methods of applying chemicals? Fas-Trak Industries is proud to announce ULTRA-TRAK, the revolutionary chemical application system! The ULTRA-TRAK is the most productive, pressurized chemical application system on the market today.

We had the user in mind when state-of-the-art technology and common-sense engineering were combined to produce the most time efficient chemical applicator ever. This superior labor and chemical saving applicator is designed for all areas where professional quality is key to minimize costs and improve the desired polishing results.
