

COMMISSION GUIDE

I AM SO HAPPY YOU HAVE TAKEN THE FIRST STEP IN ALLOWING ME TO CREATE YOUR DREAM ADELE NAIDOO ORIGINAL ARTWORK. HERE'S WHAT THE COMMISSION JOURNEY WILL LOOK LIKE:

THE PROCESS:

1. Please read through this guide thoroughly before filling out the 'Commission Brief'.
2. You will receive an email from me within 24 hours of submitting your brief to either let you know your commission application has been successful for immediate start or if you will be put on a waiting list. A final commission quote will also be sent at this stage.
3. If you are happy to proceed, I will create up to three mock-ups based on what was written in your brief and email these to you for review.
4. Once feedback is provided, I will re-create up to three new mock-ups to be revised again.
5. Your feedback is provided one more time before a final mock-up is created.
6. If after receiving your final mock-up you still have a few small edits, I will be happy to create one last mock-up free of charge. If you are still not happy we can evaluate if this commission is working for both of us - at which point we both have a right to opt-out.
8. When your mock-up is finalised I will invoice you a non-refundable 30% deposit.
8. Once payment has been made the painting process begins (this can take 2-4weeks). During that time you will receive an update email with close-ups.
9. Final photos will be emailed and full payment made before the artwork is sent to my framers. Please note this payment must be made within a week from invoice date.
10. Your forever artwork will arrive at your door within 2-3 weeks from the final payment.

TERMS & CONDITIONS

TO ENSURE A POSITIVE COMMISSION EXPERIENCE THERE ARE A FEW THINGS WE NEED TO GO OVER BEFORE YOUR COMMISSION STARTS.

PRICING ESTIMATE

Commissions are strictly for medium to XL pieces. Below is a rough idea on pricings:

Square 120x120cm - \$3100
Medium 120x90cm - \$2900
Large 180 x 120cm - \$4200

Please come into this commission with an open mind, remember that the pieces I have created work together because of complimenting colours and flowers.

If you have a vision that combines a lot of different pieces/palettes or flowers together it is not always going to work and may not look cohesive. Trusting my art guidance and experience will create a successful collaboration. I can't wait to see what we create together.

1. Pricing includes acrylic on printed canvas original painting, stretched and shadow box framed in your choice of either a Tasmanian oak, white or black frame. All art comes ready to hang and delivered to your door with tracking.
2. Please note colours will slightly differ in the original than in the mock-up. The mock-up is a digital drawing of flowers so the colours will have a higher saturation/brightness than the final painting.

3. Once the final mock-up is agreed on there will be no changes or additions made in the painting process.
4. All communication will be via email so everything is in writing, and we can refer back to what was discussed.
5. If you have any further questions please email and I will always be happy to help you :)

xx Adele
