Product Size: 13.5 x 5.3 x 15.5 in
Display Size: 4.6 x 0.8 x 7.5 in

5-in-1 Array Sensor
SKU: SX5001

Wireless Thermo-Hygro Sensor
SKU: ST2001

Rain Collector Sensor
SKU: SR3001

Wireless Rain Gauge w/Outdoor Temperature

Do you grow plants that are particularly sensitive? Just set the rain alarm on the critical value. If too much precipitation then falls, the rain gauge emits an acoustic signal. This is how you can tell: it is time to act. Temperature fluctuations also cause problems for some plants. The clear LC display shows you the current outside temperature quickly. With the practical time and date display, select one of the 5 languages in which the abbreviation for the current day of the week appears.

SKU: RGT1001
