

PULSAR

OBSERVATORIES

THE WORLD'S FINEST OBSERVATORY DOMES

IMPORTANT SAFETY INFORMATION

Please read before assembling your Pulsar Observatory Dome

Your Pulsar Observatory Dome is made from the highest quality GRP. It is designed for self assembly without the need for specialist tools.

To avoid risk of injury or damage to the observatory, care must be taken when handling and assembling your new dome.

GRP can splinter, and drilling creates dust.

In addition to a respiratory mask,

Safety glasses, gloves and suitable protective footwear must be worn.

Pulsar Observatories accept no liability for injury or damage where appropriate safety measures have not been adhered to.
