## RESIDENTIAL DESIGN

Bonboni Interior Design aims to help clients create spaces that can foster meaningful relationships with their family and friends through beautiful design. With a style that is eclectic yet elegant, I create high-end, beautiful designs that are luxurious and traditional with a bit of whimsy thrown in.

## MERCHANDISING & DISPLAYS

My boutique, Bonboni, is well-known for its beautiful and inspiring interior and exterior displays. I cast the vision for my team and help them execute the installation of the designs. Our displays have attracted press features ranging from Ladue News, St. Louis Magazine, Design STL, and KSDK, among others.

## SHORT TERM RENTALS

I designed and installed furnishings & decor for a short-term rental cabin in Southern Missouri. Due to the design of the property, we have been able to secure nightly rates that are nearly 2x higher than nearby rental properties.

## PHOTOSHOOT STYLING

Through my previous companies, I have directed, produced, and styled multiple photoshoots. One such shoot was 3 days on-location in upstate New York that required cross-country travel and coordination for 15 staff members, models, and consultants.
