### Power Center

Like 0 Share Tweet G+1 0 Pin it Share 3

Every classroom needs at least a couple of power strips these days to keep everything from tablets to STEM gear fully charged up and ready for teaching. [Accell's \\$36 Powramid Air Power Center and USB Charging Station](#) delivers 120-volt AC as well as more recent USB power in a single unit. Its six AC outlets are widely spaced around the circumference of the Powramid Air, leaving more than enough room so that none of those pesky AC adapters take up two outlets. There is also a pair of USB power outlets for phones and tablets on the edge. The whole thing is protected against a 1,080 Joule energy surge and the circular power strip has a 15-amp circuit breaker for extra protection.
