Connect your USB-A accessory and charge your USB-C device from one USB-C port
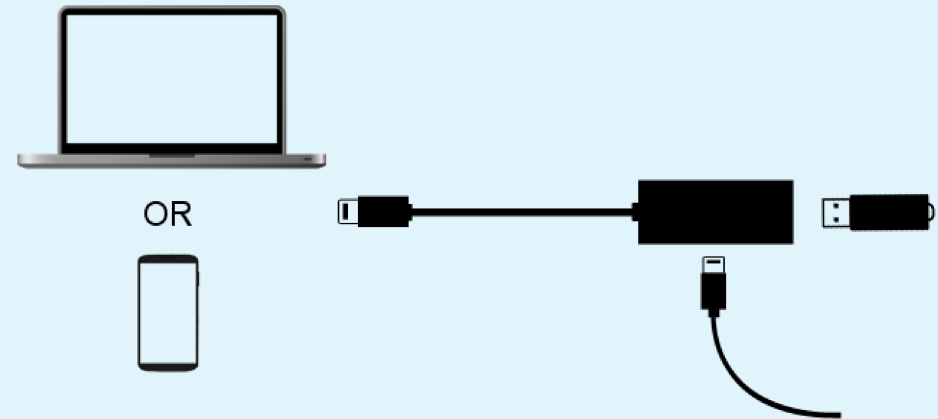

The Accell USB-C to USB-A 3.0 Adapter with USB-C Rapid Charing Port converts your device's USB-C port into a USB-A 3.0 port while providing an additional USB-C port for charging the USB-C device. This adapter is plug-and-play ready, requiring no additional software or driver. Connect a flash drive, charge/sync cable, mouse, or any other USB-A accessory while simultaneously charging the USB-C device.
