GLOBAL BAZAAR

OUR 2015 COLLECTION

DISCOVER HANDMADE GOODS

At Far & Wide Collective we have a passion for discovering the kinds of unique, handcrafted items usually only found tucked away in remote workshops and bazaars on faraway travels. Our Collective is comprised of talented artisans in post-conflict and emerging economies around the world, including jewellers from Afghanistan, weavers from Sri Lanka and Kenya, embroiderers from India, Pakistan and Mexico, ceramicists from Uzbekistan, and papier mâché artists from Swaziland. We believe that supporting entrepreneurship, encouraging small business growth, and creating access to markets is the most sustainable way to better the lives of artisans, their families, and their communities.
