

Farm communication just got easier with the Midland MXT115AG Farm Radio Communication Kit. The kit contains the powerful MXT115 15-Watt GMRS Radio and two Midland T71 walkie talkies making communication from tractor operator to field support a button push away. The Midland MXT115AG also works great for communication between combines, self-propelled sprayers and forage harvesters, UTVs, semi and pickup trucks and many other farm applications.
