

## SORRY THANKS I LOVE YOU

Our first hospitality concept has been conceived along the same curatorial principles applied to the rest of our range: with a focus on excellence and simplicity.

Sorry Thanks I Love You is a mash-up of cutting edge fashion, unique design, luxury accessories, handmade jewellery, fresh flowers, gourmet food, and craft beverages delivered through an immersive store experience.

We only partner with makers whose attention to detail verges on the obsessive. They're a mix of expert and underground artists and they work in studios all over the world - from Tokyo to Tasmania. Our emphasis is on handmade, expertly designed products that tell a story, and our concept is built around the reasons why people give.

## WHAT'S ON THIS MONTH

Every Friday morning in 2023 we're donating 100% of our coffee proceeds to Sydney's holistic cancer hospital Chris O'Brien Lifehouse.

Make a gold coin donation by EFTPOS or in our donation jar any time before noon on Friday and your coffee will be on us.

Our 'Fridays Are Gold' fundraising project raise funds specifically for the Lifehouse's psychology and counselling service that provides free support for patients, family and carers.

This month's specialty batch and cold brew coffee is Sugar Plum - an annual December release with notes of candied cherry, plum and cocoa that tastest exactly like a merry Christmas!

Choose from an ever-changing selection of pastries, danishes, tarts and painstakingly made miniature cakes from Sydney's iconic patissier Tuga.
