

Camec 13kW DIGITAL INSTANTENOUS GAS WATER HEATER

The new CAMEC digital instantaneous gas water heater is now available with 30% more power than the previous model. The increased performance of the instantaneous gas water heater provides continuous hot water with an increased water flow for daily use when caravanning.

The external housing, water and gas connection points remains unchanged on the new instantaneous gas water heater. This reduces the need to do any additional installation work should an upgrade to the new instantaneous gas water heater is required.

- Designed specifically for RV use
- Australian Gas and Watermark Approvals
- Operates from 12V DC & Gas
- Continuous hot water flow
- Remote digital temperature controller with error code display and on/off switch
- Up to 60% less gas consumption than regular tank models
- No anode to replace
- Door lock compatible with Camec One Key System
- Easy to install and suits most existing water heater cut outs
- Patented rain protection exhaust
- Low power and gas usage
- System stores the last selected water temperature setting even when powered on and off.
- Digitally monitors incoming water temperature, water flow and output temperature

Product Specifications

Gas Type	Universal LPG
Nominal Gas Consumption	49.14 MJ/h
Supply Gas Pressure	2.75 kPa
Maximum Gas Input	13.65kW
Supply Voltage	10.5 to 15.0 VDC
Maximum Current	1.5A
Minimum Water Flow Rate	1.5 l/min
Selectable Water Temperature	35 to 60 C
Water Heating Capacity	5.0 l/min at 37 C
Net Weight	12.1kg
Product Dimensions	380 (W) x 380 (H) x 330 (D) mm
Warranty	24 months

Part Number	Description		
051459	CAMEC GAS IWH 13kW WHITE DOOR		
051460	CAMEC GAS IWH 13kW BLACK DOOR
