

Elys Tablet 7

Focus on User Experience

Stylish Design, Exceptional Performance

The customer-facing Elys Tablet is your new operations tool. Industrial design with an aluminum alloy body stands out in high-end positioning. 7-inch touch screen and high-quality display capture every sale.

User Friendly Experience

Via the two-sided pogo pins, the tablet can magnetically connect with the Elys Station in both upside and downside ways, enabling customers to enter their PIN on the screen more smoothly in different in-store environments.

Simplify Every Payment

With all kinds of payment methods accepted, Elys Tablet offers a PCI certified safe and seamless checkout experience for your customers.
