Ingenico ICT220/ICT250 Protective Cover Installation Instructions

CONGRATULATIONS!

You have made a great choice to protect your device from germs, spills and grime while extending the life of your Terminal!

Instructions:

1. Remove all the white Mylar adhesive strips and place over the device making sure the keypad portion of the cover is lined up with the keys properly.
2. Gently stretch the cover across the device from left to right so that the cover lines up with the keys while smoothing out the cover.
3. Finish by smoothing down the bubbles, and adjusting the fit.
4. You can safely lift up the edge to stretch and reapply the cover.
5. And now your device is protected.

Tips for Care and Use

1. This cover is durable but it is made of plastic, so treat it gently.
2. Do not use sharp objects or pens as they may puncture the cover.
3. Clean with a damp cloth or antibacterial wipe.
4. Do not remove the cover to clean it.
