

IM10

Unattended Contactless and QR Payment Terminal

The IM10 is a compact, ruggedized designed, contactless payment terminal that allows accepting any types of contactless transactions, NFC enabled payments as well as QR code payments. The dedicated QR scanning area provides fast and easy scanning of many kinds of codes. IM10 is ideally suitable for both indoor and outdoor self-service, and low value transaction scenarios, such as vending machines, ticketing machines, parking, car-washes, self-service laundry, etc.
