

Magnart Installation Guide

HOW TO MOUNT MAGNART:

1. **Clean surface:** Smooth out uneven surface with fine sandpaper and wipe with Isopropyl rubbing alcohol, let dry. Do not use household cleaners.
Tip: A light film of hairspray will improve surface quality.
2. **Apply adhesive tabs:** Carefully remove one side of magnart adhesive tab and firmly position on the wall with even pressure for 30 seconds.
3. **Wait for 30 minutes:** For adhesive to bond.
4. **Apply Magnart backing plate:** Remove other side of Magnart adhesive tab and firmly position Magnart backing plate with even pressure for 30 seconds.
5. **Wait for 30 minutes**
6. **Position image:** Place Magnart magnets on the front. Strong clamping pressure with the backing plate will hold image in place.

HOW TO REMOVE MAGNART:

1. **Slowly slide Magnart magnet:** Slowly slide Magnart magnet away from the object.
2. **Slide knife under Magnart backing plate:** Gently lever Magnart backing plate from Magnart adhesive.
3. **Roll adhesive slowly away.**
