

A. V-Gard® Cap and Hat Frames and Debris Control

- Sloped V-Gard® frame has gutters that guide debris off frame, away from line of sight
- V-Gard® cap frames accommodate other PPE, such as MSA V-Gard® visors, chin protectors, cap and hat-mounted hearing protection and most half-mask respirators
- Replaceable debris control creates a tight seal between helmet and the frame, preventing material from falling in the face when lifting visor
- Non-metal construction

Part Number	Description
MSA10158799	Metal Frame for MSA Caps
MSA10158800	Metal Frame for MSA Skullgard® Caps
MSA10158821	Metal Frame for MSA Full-Brim Hats
MSA10115730	Non-Metal Frame for Slotted MSA Caps with Debris Control
MSA10116627	Non-Metal Universal Hat Frame without Debris Control
MSA10115821	ET Frame for Slotted MSA Caps; for Use in Elevated Temperatures with Debris Control
MSA10187161	Accessory frame for Caps, universal, with debris control
MSA10187162	Accessory frame for caps, universal
MSA10187163	Replacement debris wiper
MSA10187251	Replacement rubber strap

B. V-Gard® Visors and Chin Protectors

- V-Gard® Visors are designed for use ONLY with V-Gard® frames and chin protectors
- All visors meet ANSI/ISEA Z87.1-2010
- Unique moveable plates allow greater flexibility of head movement

Part Number	Description	Size
MSA10116557	Mesh Visor, Plastic Edge	8" x 17"
MSA10116558	Mesh Nitrometer Visor, Plastic Edge	8" x 17"
MSA10115836	Visor, PC, Clear, Contoured	8" x 17" x 0.040"
MSA10115837	Nitrometer Visor, PC, Clear, Contoured	8" x 17" x 0.040"
MSA10115840	Visor, PC, Clear, Contoured	8" x 17" x 0.060"
MSA10115863	Visor, PC, Clear, Contoured	9½" x 17" x 0.040"
MSA10115855	Visor, Propionate, Clear	8" x 17" x 0.098"
MSA10115850	Visor, PC, Reflective-Coated Green Tint, 5/bx	9½" x 17¾" x 0.07"
MSA10115828	Retractable Chin Protector	
MSA10115827	Standard Chin Protector, Opaque	
MSA10149029	Standard Chin Protector, Clear	

C. V-Gard® Headgear

- Designed to work with V-Gard® visors and chin protectors
- Works with all V-Gard® visors, except V-Gard® Arc Flash visors for safety reasons
- Seven-point headband adjustment, ratchet closure
- Sweat-wicking comfort pads for brow and nape
- Infini-just left/closure offers grippable knobs that don't come off
- ANSI/ISEA Z87.1-2010 compliant when worn with V-Gard® visors

Part Number	Description
MSA10127061	General Purpose Headgear
MSA10127062	Elevated Temperature Headgear, up to 350°F

D. V-Gard® Frames for MSA Slotted Full Brim Hats

- Compliant with MSA full brim slotted hats ONLY
- Sliding adjustment blades allow visor to work with most half-mask respirators and other PPE worn under a visor
- Lift/closure adjustment with grippable knobs that don't come off
- Use for chipping, splash, chiseling, drilling, grinding, machining, power fastening, sanding and sawing
- Meets ANSI/ISEA Z87.1-2010 and CSA Z94.3

Part Number	Description
MSA10154622	Frame for Slotted MSA Full Brim Hats with Debris Control
MSA10154604	Frame for Slotted MSA Full Brim Hats without Debris Control
MSA10155838	Frame for Slotted MSA Full Brim Hats with Debris Control. Debris Control Exceeds EN Requirements for Molten Metal

Use V-Gard® frames ONLY with MSA helmets and V-Gard® visors to ensure compliance with safety standards. Misuse can result in death, permanent impairment of sight, or other serious injury.
