INFORMATION FOR YOUR SAFETY

FYS A welding screen will reduce the amount of dangerous UV light that other workers are exposed to when welding is performed. Even if a person is not directly looking at the UV light produced by a welding torch, a quick glimpse out of the corner of your eye could cause a severe and harmful flash burn. Welding screens provide excellent protection and are required by OSHA Standard 1910.252.

RADNOR™

A. Welding/Cutting Goggles

- For use with oxy-fuel or propylene gas welding and cutting
- Contoured shape fits snug to keep out dirt and light
- Hooded vents provide effective cooling and evaporation to minimize fogging
- Adjustable elastic band keeps goggles firmly in place
- Shade 5 filter plate included
- Meets ANSI Z87.1

Part Number	Description
① RAD64005080	50 mm Rigid Frame
RAD64005086	2" x 4¼" Rigid Frame, Fixed Front
① RAD64005090	2" x 4¼" Soft Frame, Fixed Front with Hooded Vents
① RAD64005088	2" x 4¼" Soft Frame, Lift Front with Hooded Vents

B. RAD64052101

B. Single Panel Welding Screens and Frames
