Capers Pickles Olives

Other Vegetables (please, specify):

Cereals, grains, seeds, nuts (please, specify):

Fruits (please, specify):

IMPORTANT NOTE:

We are in a countryside village, consider that here we have insects: bees, wasps, mosquitos, no poisoned spiders and we can meet very rarely some no dangerous European scorpions. My house has a lot of lizards in the patio. There are swallows, bats and some birds that sing in the night. If you are allergic to these animals please, come with your medicines and repellents.
