EFFECT DOCTORS

Our unique intravenous infusions are prescribed by a team of doctors and administered by highly trained nurses. Each infusion can be made bespoke and formulated to suit you following your consultation.

THE CLASSIC A pH-balanced and electrolyte-rich solution designed to rehydrate, refresh and rejuvenate. This drip uses the most premium solutions available.	£225
UNDER THE WEATHER A high dose of vitamin C, magnesium and, as required, anti-inflammatory, analgesic and anti-sickness medications. Ideal for those recovering from surgery, flu, Covid-19 or gastroenteritis, this drip speeds up recovery and boosts energy levels.	£325
DELUXE RECOVERY B and C vitamins, a boost of B12 and, as required, anti-inflammatory, analgesic and anti-sickness medications speed up recovery from excess alcohol consumption. This hydrating IV drip eliminates headaches, reduces inflammation, eliminates nausea and replenishes the body.	£325
FIT DRIP This unique blend of amino acids increases metabolism, enhances recovery, enables lactate washout and provides the metabolic conditions for accelerated muscle growth.	£325
JET LAG RESET This effective combination of prescription-only anti-inflammatory and analgesic drugs, electrolytes, B vitamins and an amino acid infusion of taurine and glutamine is designed to beat post-travel tiredness, reset the sleep-wake cycle and reduce inflammation.	£325
IMMUNITY BOOSTER Created with an immunity-boosting blend of selenium, zinc, B vitamins and vitamin C, this IV drip contains essential nutrients which encourage optimal performance of the immune system.	£325
BEAUTY TONIC This IV infusion contains a high dose of glutathione, a free-radical	£325

antioxidant that clears the complexion and, in high doses, allows melanin washout encouraging a brighter skin tone. Biotin strengthens hair and nails, and a powerful blend of vitamins, amino acids and minerals improves

follicular vigour and strength.

VITAMIN C Vitamin C contributes to improving your immune system. Supplementation encourages bright, healthy skin and healthy blood vessels. Each IV drip includes 7.5g of vitamin C. Each subsequent 7.5g vial is £35. A 25g vial is £50. A G6PD blood test is required for doses above 7.5g.	from £250
CURCUMIN IV A high dose of the natural turmeric extract curcumin. This is a powerful natural anti-inflammatory drug.	£300
MYERS COCKTAIL The famous mixture of vitamins and minerals, including magnesium, calcium, B-Vitamins, B-complex and Vitamin C, is delivered intravenously and helps to reduce fatigue, enhance the immune system and combat seasonal allergies.	£325
THE VITAMIN DRIP IS This premium IV drip is the perfect blend of essential micronutrient vitamins and minerals to keep nerve and blood cells healthy while banishing lethargy and low.	£325
MOSLEEP AID Our specially formulated amino acid and mineral infusion works with your body's natural sleep cycle to aid you in achieving restful sleep and relaxation.	£300
ALPHA LIPOIC ACID This helps to boost your antioxidants to help fight the signs of skin ageing, decrease cholesterol, assist with memory loss-related disorders, promote healthy nerve function, and reduce inflammation.	£300
MOOD BOOSTING & ANTI ANXIETY This drip is a unique blend of prescription-only supplements and medications which in this bespoke combination is offered by no other medical company in the world. Its core ingredients are Tryptophan, Procaine, Phenylalanine, B12 and Magnesium.	£325
NAD+ This drip is powered by NAD+, a metabolic co-factor found in all living cells. NAD+ has been shown to improve mental functioning, and concentration, boost mood, aid recovery and detoxification, and assist the body with healthy ageing. The dose is 500mg. Also available as 1000mg (£200 extra).	£325
NAD+ LIMITLESS A bespoke infusion and a NAD+ infusion. You can add on up to 6 ingredients for only £150 more for a bespoke infusion tailored to your body.	£475

BESPOKE Our library of intravenous vitamins, amino acids, electrolytes and anti-inflammatory, pain-killing and anti-sickness drugs can be combined to create a bespoke infusion, tailored to target your needs. This drip includes 6 ingredients of your choice.	£325
