

Ciment Fondu®

1 General Characteristics

All calcium aluminate cements possess the general properties of **good refractoriness** and **high early strength** when used alone as the principal hydraulic binder. The latter property is often used in combination with other minerals such as calcium sulfate and/or Portland cement to produce high early strengths and/or shrinkage compensation through the formation of ettringite.

Composed mainly of calcium aluminates, CIMENT FONDU® can be used as the primary binder or in combination with other reactive minerals. These combinations comprise the binder in many construction products such as self-leveling floor products, fast setting patch materials, non shrink grouts and tile installation products.

CIMENT FONDU® additions to Portland cement will accelerate the initial set from hours to minutes depending on the type and mill of manufactured Portland cement.

CIMENT FONDU® is a refractory cement that can be used as the primary binder in mortars and concretes exposed to high temperatures. Due to a significant iron oxide content, CIMENT FONDU® should not be used in applications where reducing atmospheres are present.

CIMENT FONDU® is recommended for applications requiring rapid hardening properties, resistance to abrasion and mechanical shock, resistance to chemical attack and exposure to intermediate temperatures.

Calcium aluminate cements do not release Calcium Hydroxide as a hydration product when used as the sole hydraulic compound in a formulation. This imparts good refractoriness, chemical resistance and eliminates the major cause of efflorescence.

As a binder, CIMENT FONDU® reacts with most organic and mineral additives to achieve exceptional flow with high early compressive strength.

CIMENT FONDU® is a very dark gray color. Colorimetry data is available on request.

CIMENT FONDU® does not contain any additives.

CIMENT FONDU® does not contain crystalline silica.

2 Specifications

CIMENT FONDU® produced and distributed in North America adheres to the following specifications:

Chemical constituents (% by XRF chemistry)			
Al ₂ O ₃	CaO	SiO ₂	Fe ₂ O ₃
≥ 37.0	≤ 39.8	≤ 6.0	≤ 18.5

- Blaine fineness: 3600-4400 cm²/g (ASTM C204)

Physical Properties (using EN-196 sand mortar)

- Flow at 15 min: ≥ 30% (ASTM C1437)
- Vicat Initial Set: ≥ 120 min.
- Vicat Final Set: ≤ 240 min

Modified ASTM C191 - Needle weight is 1000g, needle diameter is 1.16 mm, samples immersed in water.

- Compressive strength (ASTM C349)
 - 6 hr ≥ 2900 psi (20.0 MPa)
 - 24 hr ≥ 4900 psi (33.8 MPa)

For detailed test procedures, please contact a Kerneos Technical or Quality Manager.

3 Additional Physical properties

- Bulk density: 1.16 – 1.37 g/cm³ (72.4 – 85.5 lb/ft³)
- Specific gravity: approx. 3.24
- Residue at 90 microns (+170 mesh): < 8%
- Pyrometric cone equivalent - ASTM C24 on neat cement paste: 8-9 (≈ 2320° F or 1271° C)
- Heat of hydration

6h	340 kJ/kg
24h	445 kJ/kg
5d	445 kJ/kg

Minor constituents (% by XRF Chemistry)			
TiO ₂	MgO	SO ₃	K ₂ O+Na ₂ O
< 4.0	< 1.5	< 0.4	< 0.4

- Principal mineralogical phase:
calcium aluminate CA

- Secondary phases:
C₁₂A₇, C₂S, Ferrites, C₄AF

C = CaO A = Al₂O₃ S = SiO₂ F = Fe₂O₃

4 Packaging & Shelf Life

CIMENT FONDU® is available palletized in 94 lb bags or 3000 lb. super sacks. It is also available in bulk semi-tanker or rail car.

CIMENT FONDU® packaging is designed to protect it from humidity. However, as with all hydraulic binders, it is recommended that CIMENT FONDU® not be placed outdoors or in direct contact with the ground. When correctly stored in dry conditions, the properties of CIMENT FONDU® will remain within specification limit for at least 6 months. In most cases, its properties will be retained for over a year.

KERNEOS (Product producer) LIMITED WARRANTY

Kerneos warrants that this product, at the time of shipment, conforms to the Specifications set forth in section 2 of this Product Data Sheet. All other information provided in this Product Data Sheet is for guidance only. ALL OTHER WARRANTIES, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE EXCLUDED. Kerneos' sole obligation and the sole and exclusive remedy under this limited warranty shall be the replacement of any nonconforming product, or, at Kerneos' option, the refund of the purchase price. No warranty is given for any technical advice or recommendations provided by Kerneos. Buyer waives all claims under this limited warranty unless it has given written notice of nonconformity within 30 days of delivery.
