

## RING SIZING GUIDE

❗ Please print this guide on 8.5 in x 11 in paper at 100% to ensure size measurements are accurate.

### Use your own ring sizer:

- Cut out the ring sizer below.
- Wrap the ring sizer around the widest part of your finger, ensure the numbers are visible to you, and put the pointed end through the slit in the sizer.
- The number that lines up with the slit is your ring size! You're done!

### THE RING SIZE STRING TEST

Cut a small piece of string or thread from a spool. To measure, wrap it around your finger for an accurate measurement. Determine your size by comparing your measurement with our chart below and double check for accuracy.
