Balance Dermal Vitamin Cream with Progesterone for Women

This cream includes vitamins, minerals and natural progesterone suggested for women's balanced health.* Natural progesterone is an important hormone for women because it helps to balance the estrogen present in the body. It also protects against endometrial and breast cancer, helps prevent weight gain and water retention, enhances the body's capacity to use and eliminate fats, promotes new bone formation, has a positive effect against high blood pressure and improves sex drive. The ingredients in SEABLUE® Balance help provide relief from the symptoms of hormone imbalance such as fatigue, anxiety, insomnia, PMS, menopause, heart palpitations and migraines.

Benefits: SEABLUE® Balance Dermal Vitamin Cream with Progesterone for Women is designed to:

- Promote a healthy metabolism
- Increase energy
- Improve hair and skin health
- Promote bone health
- Improve sleep patterns
- Assist in maintaining balanced hormonal levels
- Decrease moodiness

Main Ingredients: SEABLUE® Balance is a dermal vitamin and hormone cream with magnesium zinc, B-6, B-12, and natural progesterone.

Suggested Use: Each dermal application contains above ingredients. Apply twice daily to inner forearms
