# Sophistication Made Simple

Brother CV3550 coverstich machine offers coverhem functionality for a high-quality, sophisticated finish. Easy handling and user-friendly threading systems make hemming and topstitching fabrics and garments a breeze.

## CV3550

The CV3550 has an additional cover stitch to give you an even more professional look

*Create a masterpiece!*

### Stitch Selection

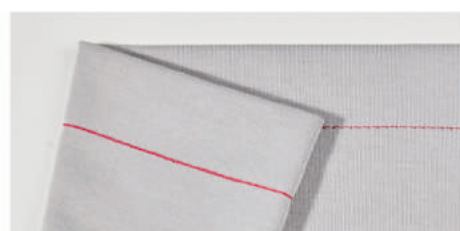

**Triple cover stitch**  
Three-needle, four-thread reinforced cover stitch. Perfect for hemming, decorative effects, elastic and durable seams for sportswear.

**Wide cover stitch**  
Two-needle, three-thread cover stitch. Ideal for hemming, topstitching and decorative effects on T-shirts and knits.

**Narrow cover stitch**  
Two-needle, three-thread cover stitch. Optimal for hemming on fine fabrics, tape binding and topstitching.

**Chain stitch**  
One-needle, two-thread double chain stitch. Excellent for sewing rolled hems, tape binding, joining woven fabrics and decorative effects.

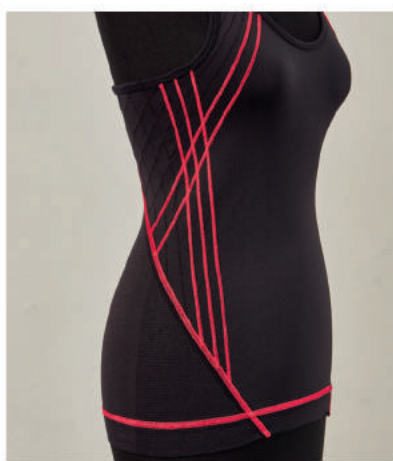

**Triple top cover stitch\***  
Three-needle, five-thread top cover stitch. Perfect for hems, top stitching, flat joining seams and edging with elastic and bindings.

**Top cover stitch (Wide)\***  
Two-needle, four-thread top cover stitch. It is perfect for hems, top stitching, flat joining seams and edging with elastic and bindings.

**Top cover stitch (Narrow)\***  
Two-needle, four-thread top cover stitch. It is perfect for hems, top stitching, flat joining seams and edging with elastic and bindings.

### Features

**Large working space**  
Comfortably work on projects with ample free space surrounding the needle.

**Easy access controls**  
Easy access to presser foot lever, stitch length adjustment dial, differential feed ratio adjustment dial and handwheel.

**Free arm**  
Easily manoeuvre fabrics to create curved-shaped pieces and small items.

**Release of thread tension**  
Lift the presser foot to automatically release the thread tension and remove your garment from the machine without sticking or tugging.

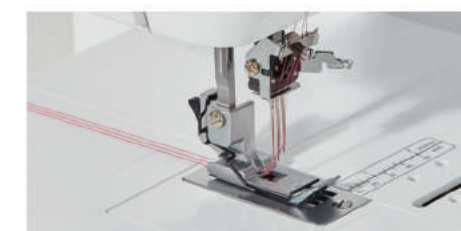

**Differential feed**  
Alter the speed at which your fabric is feeding through the machine.

**Telescopic metal thread stand**  
Once threaded, the stand helps straighten the threads to prevent tangling.

**Lower looper threading**  
Super easy lower looper threading with simple to follow thread guide.

**Vertical needle**  
Provides extra strength and power for thicker fabrics.

**Pressure control**  
Adjustable dial assures consistent fabric delivery.

**LED work light**  
Brightly lit, energy saving LED lamp near needle.

**Easy transportable machines**  
Lightweight, compact machines with carry handle.

*Embellish your projects with new top cover stitches*

*Enjoy endless artistic possibilities!*

\* Available only with CV3550 model.
