

The Removable Parking Post is suitable for areas where occasional access is required. The post is typically locked in place over night and removed during the day. Additional ground sockets are available for storing the post in a convenient location when not in use.

The RPP is available in galvanised and galvanised and coated finish. The post is supplied without a padlock thus allowing the user to specify their own preferred lock (The RSP variant includes a High Security Lock).

## Removable Parking Post (RPP) 900mm Galvanised or Galvanised & Colour

### Product details

- 900mm (Height above ground)
- 3mm wall thickness
