

The VELOPA Sheffield Cycle Toastrack is a floor fixed cycle rack based upon the Sheffield Cycle Stand. The Sheffield Cycle Toastrack consists of Sheffield Cycle Stands welded at 800mm centres to floor fixed box section rails. The benefits of a Cycle Toastrack over individual stands are reduced installation costs and pre-determined gaps between stands, each stand is suitable for parking two bicycles. The Sheffield Toastrack is ideal where cycle parking in large numbers is required.

The practical and durable nature of the VELOPA Sheffield Cycle Toastrack ensures that the rack is suitable for all environments where high density of cycle parking is required. The Sheffield Toastrack is shown in galvanised finish; Galvanised & Coated finish and Stainless Steel are also available.
