

AUTOPA's range of Plain Round Stainless Steel Bollards is a simple and elegant way of controlling vehicle parking and access. Plain Round Stainless Steel Bollards are ideal for use around pedestrian precincts, shops, pavements, play and parking areas, as part of traffic calming measures, pedestrianisation schemes and as a deterrent to ram-raiders.

The complete range of Plain Round Stainless Steel Bollards are available in diameters from 48mm to 204mm in Grade 304 or Grade 316 and available with extended legs for casting into concrete or with a flange plate for bolting down.

Removable versions are also available.

Plain Round Bollard 1000mm Above Ground 48mm - 204mm Diameter Stainless Steel - Bolt Down

Product details

- 2mm wall thickness
- 3 bolts required per bollard (bolt down)
