Fast, Accurate and Exceptional Scan Performance for
Chair-side Experience

The constant optimization and innovation of SHINING 3D's hardware and software system, led to the release of its latest and finest intraoral scanner, Aoralscan 3.

Single Arch
25s

Faster Scan

The scan speed is 30% faster than the last generation due to Aoralscan 3's drastically upgraded scanning technology.

30s ↑

More Accurate Scan

Thanks to optimized algorithms and imaging mechanism, Aoralscan 3 carries out more accurate and precise results by 30%, meeting the clinical needs of different applications.

15%

Longer Scan Tip

Slimmer and 15% longer autoclavable scanner tips offer patients with more comfortable clinical experience.

up to
22mm

Greater Scan Depth

Aoralscan 3 is suitable for various clinical scenarios including acquiring scan bodies and periodontal scans.

“ With Aoralscan, I can do part of the preparation and see how parallel it is or if there is enough space. I can then resharpen it, rescan it and that's the biggest advantage, such a procedure is unthinkable with classic prints. ”

— ŠTĚPÁN VINKLER, MDDR. the Czech Republic

User-Friendly

Smart and Intuitive - Smooth Scanning Experience for Dentists

With powerful and intelligent data processing capabilities, Aoralscan 3 is easy to maneuver. Even beginners can get ideal scan results in minutes.

New UI

Neater and more user-friendly interface
More flexible workflow

AI Scan

Automatically identifies and filters out unnecessary soft tissue data during scanning resulting in a quicker and cleaner scan process.

Motion Sensing

Dentists can scan with minimal contact with the computer, ensuring a safe and efficient scan experience.

Clinical Toolkit

The clinical toolkit assists dentists to evaluate and pre-design the scanned data in their own clinic. It facilitates effective communication with dental labs to deliver quality dental work with high efficiency.

SHINING3D DENTAL CLOUD

Connecting clinics and dental labs,

Jointly build a healthy ecosystem of dental digital platform.

Data Transmission

Cloud Storage

Order Track

Communication

Efficient Dentist-Technician Collaboration

Standard and Unlimited - Seamless Collaboration for Dentists and Technicians

Aoralscan 3 helps streamline the collaboration between clinics and labs to achieve efficient and effective restorative works.

Cloud Data Platform

SHINING 3D's cloud data platform enables data transmission, making it convenient for data transfer and communication between clinics and dental labs.

WIRELESS EFFORTLESS LIMITLESS

Go Wireless

Provides a more comfortable experience for dentist and patient without restraints from a wired setup.

Fast and Stable

Built-in Wi-Fi 6 technology enables a seamless scan experience with fast and stable data transmission.

Long-lasting Battery Life

Up to 2 hours of continuous scanning for each charge, with 3 batteries included. Enjoy smooth scanning and a seamless workflow with a long battery life.

Next-level Software Functions

Faster data post-processing speed. Self-developed, clinic-friendly functions, including Orthodontic Simulation, Model Creator, Temp Design, Indirect Bonding Tray Design, Oral Health Report and Data Track.
