TECHNICAL DATA SHEET

Description

The TexMop[™] is a stainless-steel flat mop ideal for cleaning surfaces such as ceilings, floors, walls, and hard-to-reach areas.

TexMop[™] can be used with any 9" x 9" (23 cm x 23 cm) wipers (a mop pad is required). The wipers easily fit over the head into the TexStar Connector permitting quick changes.

TexMop[™] can be also used with **Revolve[™] 2-in-1 Integrated Sustainable Covers**. These 100% Polyester covers are integrated with the polyester pad and do not require an additional mop pad to be used.

Applications

- Cleaning ceilings, floors, walls, isolators, hoods, and other confined areas
- Applying and removing solutions and disinfectants

Industries

Aerospace	Animal Laboratory	Biologics
Cleanroom Design/Build	Compounding Pharmacies	Data Storage
Facilities Maintenance	Industrial	Laboratory
Medical Device	Microelectronics	Pharmaceutical
Printing/Graphics	Semiconductor	USP <797> / USP <800>

Cleanroom Environment

- ISO Class 3 – 8
- Class 1 – 100,000
- EU Grade A – D

Texwipe holds an ISO 9001:2015 registration.

All Texwipe products conform to GHS classification for labeling (where applicable).

Shipping classification based on weight of inner package.

Features & Benefits

- Low profile, swivel head with lightweight handles enables easier surface cleaning
- The TexStar Connector system adapter allows for easy and frequent wiper replacement for adherence to strict cleaning protocols
- Stainless steel with an ergonomic, stable design
- Replacement pads and fasteners available
- Autoclave safe

Revolve[™] Sustainable Mop Covers

Revolve[™] 2-in-1 mop covers, the first sustainable covers made for the cleanroom industry, are made from 100% upcycled polyester and are a part of Texwipe's Revolve[™] line of sustainable products.

The integrated polyester cover/pad (patent-pending) design allows replacing covers and pads in a one-step process.
