

AFFILIATE PROGRAM USER GUIDE

STEP 1: LOG IN

To login into your account, simply open the program's main page

<https://s2.affiliatly.com/af-1044764/affiliate.panel>

STEP 2: SHARE YOUR UNIQUE LINK

As an AWE Contracts Affiliate, the easiest way to refer clients and community members is by sharing your unique link to the AWE Contracts website. You can paste the link on your personal website or on social media sites.

To get your affiliated link, go to your "Info page" or to the page "Link generator".

See example below:

 Info page Link Generator Stats Orders Payments Banners

Information

Your affiliate link is
<https://www.awecontracts.com?aff=FUTUREPROOF>

You can also use any specific page from our website, just add this at the end of every URL link
[?aff=2](#)
or
[?aff=FUTUREPROOF](#)

Or you can use our [Link generator](#) to generate your affiliate link.

You will receive **10%** of purchases made by customers who have come to our website using this link (they will have entered our website with your affiliate ID).

Coupon code
You can promote this code (this is your personal code, associated only with you)
[FUTURE](#)

to your users/friends/followers. When someone uses it in the store of this affiliate's program, they will get a discount on their order and you will get **10%** from the total amount of that purchase.

You can also use this link to share your discount code (it will be automatically applied at the checkout page)
<https://www.awecontracts.com/discount/FUTURE>

Unique Link: You will be able to refer clients or community members via your unique link that will be granted to you.

Coupon Codes: You will be able to refer clients via coupon codes that will be granted to you and when the code is redeemed, you will be associated with the order and get earnings for that. Note that the coupon codes feature is not always available and it depends on the affiliate program administrator.

STEP 3: SETTING UP PAYMENTS

To set up your payments section, go to your profile page.

Scroll down to the, "Payment by" section. If you don't see the payment option already assigned to you, select More Info. Here you will see the option to select "PayPal".

Enter in the email address associated with your Paypal account.

The screenshot shows a registration form with fields for Company Name, Address, City, State, Postal code, Country, Minimum payment sum, Payment by, Current Password, and New Password. A modal dialog titled "Choose payment option" is open, showing a radio button selected for "PayPal" and a text input field for "Paypal Email". The dialog has "Save" and "Close" buttons. The "Payment by" field in the background shows "No payment method has been chosen" with a "More Info" button.

If you don't have a PayPal account you can set one up by visiting:

STEP 4: LEARN OUR AFFILIATE PANEL

When you have registered for the affiliate program, you will receive a link to your online panel, where you can see all the below information on different pages.

Homepage/Stats page: here you can see your stats at a glance, such as the visitors you have referred, the referred orders made by them and the conversion.

Profile page: here is where you can set your personal data.

Info page: here is all the information you need for promoting your links and codes etc. You will see your affiliated link and coupon code (if available) and the commission you will receive for every referred order.

Link generator: From this page, you can create links to specific pages or products from the AWE Contracts store. Simply paste the link, click on “Generate” and you will receive an affiliated link, which is ready to use.

For example, you can create unique links to collection pages, such as our Contract Kits collection page or to specific product pages, such as the “Health + Wellness Kit”.

See the example below for a unique link directly to the Contract Kits Collection page:

The screenshot shows the 'Link generator' page within a dashboard. The top navigation bar includes a home icon, a user icon, and links for 'Info page', 'Link Generator', 'Stats', 'Orders', 'Payments', and 'Banners'. The 'Link generator' section has a title and a brief instruction: 'This page will generate your unique affiliate link, just paste the link you wish to refer to and hit the "Generate" button.' Below this are three input fields: 'Link' (containing 'https://www.awecontracts.com/collections/contract-kits'), 'Affiliated Link' (containing 'https://www.awecontracts.com/collections/contract-kits?aff=FUTUREPROOF'), and 'HTML code' (containing 'Click here'). There are also social media sharing icons (Facebook, Twitter, Tumblr, LinkedIn, Email) and a 'Fast share:' section. At the bottom right is a blue 'Generate' button.

Orders: Here you can see all of your successful referred purchases.

“Referring page” is the page where the affiliated link was placed (and the client clicked on it).

“Landing page” is the page to which the client was referred.

You can use both of the above to see the performance of your different links. If the client has used a coupon code, then the above fields will be empty.

Payments: This is the page where you will be able to view your payment status or commissions collected.

Banners: Here are all the banners, which are given by the store owner. You can paste them to your website and attract more customers. Just click on the green button “Get HTML code” and your HTML code for that banner and your affiliated link will be generated. Otherwise, you can simply click "Download Image" and use the logo without your affiliate link attached.

The screenshot shows the 'Banners' page in the dashboard. The top navigation bar is the same as the previous page. The 'Banners' section has a title and a sub-instruction: 'Click on a banner to see how to integrate it'. Below this is a 'Select category to view' dropdown menu set to 'All'. There are two banner entries. The first entry shows a white logo with the text 'AWE CONTRACTS' and includes fields for Name, Dimensions, Category, and Notes, along with 'Get HTML code' and 'Download image' buttons. The second entry shows a black logo with the same text and includes the same fields and buttons.
