- Compatible with IntelliTouch® or EasyTouch® Control systems for advanced features
- Complements IntelliBrite® 5g LED pool lighting using the same fixed colours and colour shows
- Compatible with gunite, fibreglass and vinyl pools

THE BEST AND BRIGHTEST

When you install GloBrite® Shallow Water LED Lighting in a poolscape, poolside evenings go from great to spectacular. GloBrite lights are the creative, cost effective way to showcase and enhance pool features like baja shelves, steps, beach entries and other shallow water features.

GloBrite lights utilise the industry's most advanced technology for bright, energy efficient lighting – while using less energy than comparable shallow water lights.

Don't settle for an ordinary poolscape experience...let GloBrite LED lighting illuminate your shallow water features and make your evening swims and backyard entertainment more beautiful and exhilarating.

THE SIMPLICITY OF COMPATIBILITY

The GloBrite light is more than a stand-alone shallow water LED light. It is fully compatible with our IntelliBrite 5g line of LED pool lights. When used with an optional Pool Automation System, pool and spa owners can enjoy fast and easy control of their pool lighting.

For the ultimate in convenience and control, consider an IntelliTouch® or EasyTouch® Automation System. You can program and control light shows from home or on the go with our many options, including an indoor control panel, wireless remote, and the ScreenLogic® Interface for your PC or Mac® computer, Apple® iPhone®, iPad®, or iPod touch® mobile digital devices.

... FOR BREATH TAKING ILLUMINATION

ADD THE MAGIC AND VIBRANCY OF LED LIGHTING

GloBrite LED lights are engineered with the brightest LED technology on the market and are the wave of the future in shallow water lighting. Five distinct and brilliant colours are built in to every GloBrite light for a vivid spectrum. There are also seven dazzling light shows that cycle at varying speeds, and in different sequences of colour, creating incredibly beautiful and creative light shows that will mesmerise you and your guests. Plus, its extended service life and energy efficiency can make the savings really add up.

AN ECO SELECT® BRAND PRODUCT

GloBrite lights have earned the Eco Select brand distinction as one of greenest and most efficient equipment choices from Pentair.

Concrete, vinyl and fibreglass niches available.
