# MAKE THE SWITCH.

## STELLAPRO

Photo by Scott Robert Lim

### NEVER MISS THE MOMENT

Shoot at a high frame rate - capture that moment. No mis-fires or recycling delays

### STAY IN THE STORY, NOT YOUR GEAR

See it, adjust it and go - no guesswork, no distractions.

Photo by Walter van Dusen

### BE MORE PRODUCTIVE, MORE CREATIVE

Time is money. The simplicity of lightweight, powerful lights gets you more productive in less time, everytime. Stella gives you visual certainty -play with light in real time.

Photo by Sara France

“StellaPro provides the perfect continuous light source for me. Whether I’m using it for a little kicker outdoors on a flat day, or a primary light source for a bridal portrait indoors, I can count on it to provide me with a fast, controlled, quality light source that fits in a small bag.”

## CLx10/CLx8

The choice of professional photographers

- Swappable heads - 5600K standard, optional Tungsten
- CRI/TLCI 93/95
- Direct mount optics 12 degree to 50 degree
- IP 54 rating / 2.7lbs ready to rock
- Internal battery or AC powered

### CLx10

**"Its like having the sun on speed dial."**

Our flagship. Only 2.7 pounds, 500 to 10,000 lumen output from its internal battery, or run all day from AC at full power.

### CLx8

**Built in power with the freedom to light anywhere.** Like the CLx10, you can use Elinchrom or ProFoto modifiers. Or use our direct mount shaping tools. 2.7lbs, 500 to 8000 lumen output.

## CL 10000c/CL8000/CL5000

Run & Gun purpose built for commercial work

- Swappable heads - Daylight 5600k standard - optional Tungsten & Underwater heads
- CRI/TLCI 93/95
- Direct mount optics/ruggedized body
- Built to withstand 1meter drop on concrete
- IP54 minimum rating
- Internal Battery or AC Powered (CL8000 & CL5000)
- AC or DTAP Battery (CL10000c)

### CL10000c

**Compact, powerful, AC or D-Tap.**

The power of a 400W hot light, without harmful UVs or hassle. Fast press-on modifiers, Dial it in - from 500 to 10,000 lumens, weighs less than 2 lbs!

### CL8000

**The Run & Gun's light of choice.**

Built-in battery, aluminum bezel to withstand abuse like bouncing around in production trucks. 500 to 8000 lumens. IP54 Rated

### CL5000

**Fully waterproof / silent operation.**

Full LED screen RF ready swappable heads. RF remote (sold separately). 500 to 5000 lumens. IP54 Rated

## CL2000/CL1000/2500

Pocket power that punches big

- 5600K Daylight built-in
- CRI/TLCI 93/92
- Fully submersible IP68
- Internal battery or remote AC powered

### CL2000

**Fully waterproof - 2000 lumens in the palm of your hand**

Use this light as a hair light, direct it on the background for separation, or use it for portraits or videos in lower level light. Supports all the modifiers of the Run & Gun big brothers. 300 to 2000 lumens. IP68 Rated.

### CL1000/2500

**This little light packs a punch - indoor, outdoor, cold shoe on camera or powering an umbrella.**

Delivers 2500 lumens for 30 seconds before toggling to 1000 lumens steady state. Waterproof and virtually indestructible. Take it anywhere. Perfect for on location adventure videographers and YouTube content creators. 125 to 2500 lumens. IP68 Rated.
