CINEMA

AMAZING ON-LOCATION LIGHTS THAT WON'T SLOW YOU DOWN

I don't have time to waste on set - I want equipment that sets up fast so I can spend time on the creative side working with the talent to get the shot. Not needing to run cords or tape down cables lets me work fast, efficient and most important creatively!

BARRY ANDERSSON

IDEAL FOR INDEPENDENT OPERATORS

The Stella Pro lights with their built-in batteries are so compcat I can fit 4-6 lights and stands in a Pelican 1510 case. "

POWERFUL

66 Stella is the first portable LED fixture that has the puch to work in sunlight.

FAST & EASY

66 To light someone in a remote area with no power, the Stella Pro battery powered lights are critical to getting the shot, working faster, and giving me more takes in the time I have.

Stella CL Series

STELLA PROCL 10000c

Hand held, corded single point light that delivers the light of a 200W HMI without the hassle

STELLA CL 2000

A powerful compact light that supports the light modifiers of Stella Pro line

Stella Pro CL 8000 [3] 850-0447-A

Corporate Imaging Kit

Designed specifically for fast-moving broadcast crews that know every second matters to get the shot.

Stella Pro CL 10000c, 8000, & 5000 850-0455-A

"In the 'run and gun' realm of news gathering there are no second chances. I have to have tough equipment that can take below zero temperatures and are reliable at any hour of the day. Stella's compact size and powerful punch is remarkable, but the time saving aspect is astounding."

JAKE BARLOW Photojournalist, CBS Morning

SOFT CASE KITS

CL 10000c Action Kit

The essential kit for run and gun content creators who travel fast and tether to external power or DTap batteries.

CL 10000c 850-0438-A
