BRACELET SIZE GUIDE:

The best way to determine the correct size to order is by measuring your wrist. If you do not have a soft measuring tape at home, you can print out this pdf file (ensuring the printer is scaled to 100%, and that you are printing on 8.5 x 11" paper). First cut out the ruler below, then follow the steps:

- *Snip an open slash on the dotted line by folding the paper in half (to avoid cutting through the edges)*
- *Wrap the ruler around your wrist and guide the arrow through the open slash*
- *Tighten the paper around your wrist until it fits snugly, at a place on your wrist where you would like the bracelet to be worn*
- *The number that lines up with the slash is the correct size to order*
