**We present a series of collections that take metals as a reference. From pieces inspired in weathered steel, to surfaces where a rusted effect with shiny and matte textures create a unique structure.**

Presentamos una serie de colecciones que toman los metales como referencia. Desde piezas inspiradas en el acero corten, hasta superficies donde los efectos óxidos con brillos y mates, crean una estructura única.

# Wood

Ceramic wood allows us to work in finishes and textures of real wood, but with the technical features of the most advanced ceramic. Our collections offer a large range of possibilities in types of wood, formats, colors and finishes. The collections are completed with options for outdoor spaces and swimming pools.

La madera cerámica permite trabajar acabados y texturas propias del material natural, pero con las características técnicas de la cerámica más avanzada. Nuestras colecciones ofrecen un amplio abanico de posibilidades, en tipos de madera, formatos, colores y acabados. Las colecciones se completan con opciones para exteriores y piscinas.
