My Fruit Trees is a collaborative wine inspired by Carmen's extraordinary urban farm, a spectacle featuring chirpy chickens, towering kale trees, succulent artichokes, and a bounty of fruit trees including plums, mulberries, apples, and citrus.

This wine blends the unique characteristics of red, white, and orange wines into a singular bottle, offering a spectrum of flavors. It's crafted from five grape varieties: Cabernet Pfeffer, Gewürztraminer, Orange Muscat, Pinot Noir, and Syrah, each adding its own distinctive taste to the blend. The grapes are fermented separately to fully capture their unique profiles. The Cabernet Pfeffer, Pinot Noir, and Syrah undergo carbonic maceration, while the Gewürztraminer benefits from extended skin-contact.

My Fruit Trees is vibrant with flavor, its aromatic bouquet features green apple, gardenia, honeycomb, and citrus blossoms, followed by the lively acidity of tart cherry, green gage plum, and orange zest. So, uncork a bottle of My Fruit Trees - best served chilled - and let its captivating flavors transport you in to the garden!
